

Mil-Con

Cable Assembly Capabilities

Market Requirements			Phoenix Wood Dale Current Capabilities
Cable Types	SR	.031 - .250 OD	Can meet requirements as specified in Phoenix released 1950000100 SR Cable Assemblies and Delay Coils Design Guide.
	Flexible	RG coax and RG equivalents	Yes
	Conformable	.086 - .141 OD	Yes
Connector Types	Thread-On	SMA	Use 3.5mm cal kit.
		TNC	Can meet with adapters.
		2.92mm	Have cal kit.
		3.5mm	Have cal kit.
		SMC	Can meet with adapters.
		SMB	Can meet with adapters.
	Bayonet Style	BNC	Can meet with adapters.
		QMA	Can meet with matched cross-species adapters.
	Blind Mate	SMP	Can meet with adapters (performance limited to affects of adapters).
		SMPM	Can meet with adapters (performance limited to affects of adapters).
		BMA	Can meet with adapters (performance limited to affects of adapters).
		BMB	Can meet with GMS adapters
		Size 8	Yes, for generic Size 8.
		Size 12	Yes, for generic Size 12.
Hard copy of test data supplied with each assembly			Yes
Ability to Source Material	Cables	From various manufacturers	Yes
	Connectors	From various manufacturers	Yes
Bar coding for shipping documents			Yes
